

2019 FINANCIAL AID COLLEGE SCHOLARSHIPS AWARDED

Consistent with our mission of philanthropy and the advancement of education, the PLUS Foundation aims to help families and students afford higher education. This step expands on our record of service to and on behalf of the professional liability community.

- The success of the PL industry relies on many employees who may be of varied financial means who move our business forward.
- With the cost of education rising dramatically, many deserving students struggle to attend the college of their choice...or any college at all.
- This scholarship directs foundation resources to the colleagues and families of our members, creating more personal and closer connections within our PLUS community.

The PLUS Foundation is pleased to announce these Financial Aid Scholarships, made possible by the personal donations of leaders in our industry:

- Constantine “Dinos” Iordanou Scholarship
